Re: Reflecting Pool – LEED® Product Information

To Whom It May Concern:

NEOGARD®, A Division of JONES-BLAIR® Co. strives to pursue our customers' confidence, continually improve our business and performance, comply with safety and regulatory requirements and is committed to quality.

REGIONAL MATERIALS

NEOGARD certifies that 7740/7741, 7825/7821 and 4600 series/99951 or 99961 materials used in our POOL-GARD C reflecting pool waterproofing system are manufactured in Dallas, Texas. If your project falls within a 500 mile radius of this location, the products are considered to be locally produced material and can help contribute to earning MR Credit 5.1.

LOW-EMITTING MATERIALS

NEOGARD certifies the following materials used in our POOL-GARD C reflecting pool waterproofing system meet the required VOC requirements for Paints and Coatings and can help contribute to earning EQ Credit 4.2.

- 7740/7741 epoxy primer contains <11 g/L (mixed) volatile organic content (VOC)
- 7825/7821 aromatic urethane contains <15 g/L (mixed) volatile organic content (VOC)
- 4600 series/99951 or 99961 acrylic polyester urethane contains <100 g/L (mixed) volatile organic content (VOC). A variety of colors are available.

Should you have any questions or require additional information, please do not hesitate to call.

Best regards,

NEOGARD
A Division of JONES-BLAIR Co.

Dennis Bigley
Technical Service Manager
