

Pedestrian Traffic Coatings

High-performance
seamless protection

Waterproof & Slip Resistant Pedestrian Traffic Surfaces

Maintain the structural integrity and appearance of your investments with traffic coatings. Prolong the life of your structure while reducing cost over time with proper maintenance.

Our Neogard®'s surface applied seamless pedestrian traffic coating systems provide waterproofing and slip resistance for concrete structures making them ideal for terraces, balconies, stadiums, and pedestrian walkways.

Peda-Gard® systems are durable, monolithic membranes that incorporate aggregate for slip and abrasion resistance. They are intended for pedestrian traffic use and designed for years of trouble free waterproofing.

Protected structures last longer

Performance Properties & Benefits

Seamless & Fully Adhered	Monolithic surface Protects concrete from moisture and chloride intrusion
Surface Applied	Easy to identify maintenance issues for damage repair
Waterproof	Provides a moisture barrier Leak protection Reduces structure's lifecycle cost
Elastomeric	Accommodates thermal expansion and contraction Bridges cracks Leak protection
Sustainable	Systems can be renewed rather than replaced Reduces structure's lifecycle cost
Embedded Aggregate	Slip resistant surface
Environmentally Friendly	Low odor Fast cure
Aesthetically Pleasing	Available in a variety of colors Multiple attractive textures & finishes available

Peda-Gard FC

Coating system for typical pedestrian traffic areas. Available in several standard colors. Ideal for walkways, plaza decks, stadiums. FC is the low odor and fast curing version of Peda-Gard®. Allows quick installation of full coating system and is compatible with the most stringent VOC regulations. Ideal for work in or near occupied buildings where odor may be an issue.

LEED Credits

LEED promotes a whole-building approach to sustainability by recognizing performance in seven key areas of human and environmental health.

Credits Available for Peda-Gard® Systems:

Heat Island Reduction – Non-roof and Roof (SSc7.1)
Sourcing of Raw Materials (MRc6.1) & (MRc6.2)
Low-Emitting Materials (EQc5.2)

Peda-Gard T & FCT

Pedestrian T Systems have premixed aggregate for an easier application process. Ideal for applications that require durability and aggregate retention. The FCT formula is the fast cure version with premixed aggregate for faster turnaround.

Peda-Gard TS & FC TS

Waterproofing membrane ideal for use under thin set mortar tile applications. Mortar is required to install various types of traffic bearing tile.

Peda-Gard Decorative & FC

Decorative versions of pedestrian systems. FC offers no odor, near zero VOC system for work located near occupied spaces. FC also offers quick turnaround of coated surfaces.

Peda-Gard M

Ideal coating system for mechanical room floors where quick turnaround and waterproofing and resistance to chemicals is necessary. Flammability is often an issue with these applications and Peda-Gard M offers a solvent free, no odor system.

Neogard, A part of Hempel, manufactures high-performance coatings specified and used for structures across the globe for over 60 years. Neogard's coating systems protect the building envelope through vehicular and pedestrian traffic coatings, protective roof coatings, seamless flooring and elastomeric wall coatings.

You can find Neogard coatings in Major Stadiums and Arenas, Office Buildings, Universities, Hospitals, Hotels and Casinos, Airports and Hangers, Government Facilities, Manufacturing Plants and more.

About Hempel

As a world-leading supplier of trusted coating solutions, Hempel is a global company with strong values, working with customers in the protective, marine, decorative, container and yacht industries. Hempel factories, R&D centers and stock points are established in every region. Across the globe, Hempel's coatings protect surfaces, structures and equipment. They extend asset lifetimes, reduce maintenance costs and make homes and workplaces safer and more colorful. Hempel was founded in Copenhagen, Denmark in 1915. It is proudly owned by the Hempel Foundation, which ensures a solid economic base for the Hempel Group and supports cultural, social, humanitarian and scientific purposes around the world.
