

Quick Guide & Worksheet

FOR COMPATIBLE COATINGS DEDICATED
TO PROTECTING WINERIES, BREWRIES
AND DISTILLERIES

PROTECTIVE COATINGS WORKSHEET

Low Sloped Roof: Elasta-Gard Urethane/HSS

FEATURES: Reflective, seamless, elastomeric and lightweight.

ADVANTAGES: Reduce energy consumption and extend existing roof life.

Crush Pad Area Exterior & Interior: Hybri-Gard Series

FEATURES: Superior acid resistance, cleanable, textured for safety, thermal shock resistance and UV stable.

ADVANTAGES: Low odor, improved surface cleanability and slip resistance.

Lab/QC Area Hybri-Gard Series

FEATURES: Resists chemical and acid attack.

ADVANTAGES: Low odor, improved surface cleanability and slip resistance.

Sloped Roof: Permathane

FEATURES: Monolithic, reflective, light-weight and wind resistant.

ADVANTAGES: Seamless, reduce energy consumption and sustainable.

Fermentation/ Tank Farm Area: Hybri-Gard Series

FEATURES: Acid resistance, cleanable, textured for safety and thermal shock resistance.

ADVANTAGES: Low odor, improved surface cleanability, added slip resistance and less downtime.

Pressing Area: Hybri-Gard Series

FEATURES: Acid resistance, cleanable, textured for safety and thermal shock resistance.

ADVANTAGES: Low odor, improved surface cleanability and added slip resistance.

Interior Wall Coatings & Ceiling Coatings Wall-Gard

FEATURES: High performance urethane/epoxy, chemical resistant interior wall and ceiling coating.

ADVANTAGES: Customizable, seamless coating system with enhanced chemical resistance and low VOC options.

Barrel Cellar: Hybri-Gard Series

FEATURES: Acid resistance, cleanable, textured for safety, good impact resistance and thermal shock resistance.

ADVANTAGES: Low odor, improved surface cleanability, added slip resistance, less downtime and dust reduction.

Bottling Area Hybri-Gard Series

FEATURES: Acid resistance, cleanable, textured for safety, good impact resistance and thermal shock resistance.

ADVANTAGES: Low odor, improved surface cleanability, added slip resistance, less downtime and dust reduction.

Finished Wine Storage CG Epoxy Series

FEATURES: Prevents premature wearing of concrete floor, resists chemical and acid attack.

ADVANTAGES: Low odor, improved surface cleanability, dust reduction and added slip resistance.

Exterior Walls: NEOFLEX®

FEATURES: Elastomeric, acrylic and anti-carbonation wall coating.

ADVANTAGES: Creates a seamless weatherproof exterior wall coating.

Shipping & Receiving: Hybri-Gard Series

FEATURES: Extremely Robust, prevents premature wearing of concrete floor, resists chemical and acid attack.

ADVANTAGES: Improved surface cleanability, dust reduction, added aggregate provides slip-resistance and less downtime.

Tasting Room/Office/Retail Hybri-Gard

FEATURES: Provides safe cleanable walking area, resists chemical and acid attack.

ADVANTAGES: Low odor, improved surface cleanability, decorative and color options, added slip resistance and less downtime.

Pedestrian Decks: Peda-Gard Series

FEATURES: Elastomeric seamless coating protects concrete walkways from moisture and chemical intrusion.

ADVANTAGES: Aggregate adds slip resistance for safety. Decorative Peda-Gard enhances appearance.

Parking Decks: Auto-Gard Series

FEATURES: Elastomeric seamless coating protects concrete parking decks from moisture and chemical intrusion.

ADVANTAGES: Aggregate adds slip resistance to parking areas as it protects and enhances appearance.

Neogard®, a part of Hempel, manufactures high-performance coatings specified and used for structures across the globe for over 60 years.

Neogard's coating systems protect the building envelope through vehicular and pedestrian traffic coatings, protective roof coatings, seamless flooring and elastomeric wall coatings.

You can find Neogard coatings in Major Stadiums and Arenas, Office Buildings, Universities, Hospitals, Hotels and Casinos, Airports and Hangars, Government Facilities, Manufacturing Plants and more.

About Hempel

As a world-leading supplier of trusted coating solutions, Hempel is a global company with strong values, working with customers in the protective, marine, decorative, container and yacht industries. Hempel factories, RD centers and stock points are established in every region.

Across the globe, Hempel's coatings protect surfaces, structures and equipment. They extend asset lifetimes, reduce maintenance costs and make homes and workplaces safer and more colorful.

Hempel was founded in Copenhagen, Denmark in 1915. It is proudly owned by the Hempel Foundation, which ensures a solid economic base for the Hempel Group and supports cultural, social, humanitarian and scientific purposes around the world.
