

Floor Coatings

Durable Solutions For
Industrial, Commercial &
Sterile Environments

Proven to perform

Trusted by our customers for over 40 years, Neogard® floor coatings have been designed to last. Our wide range of floor coating systems use advanced technologies to ensure a durable finish that meets your operational needs.

And, with a variety of colors, textures and thicknesses, choosing the right floor coating is easy. Our systems can be applied from 16 mils to 250 mils depending on your operating floor conditions and requirements.

Combined with a waterproof membrane, Neogard floor coating systems provide a seamless, watertight surface.

Durable floor coating systems that meet your operational needs

Institutional & Manufacturing

Floor coating solutions for mild to adverse conditions, light to heavy traffic, and little time for maintenance.

CG

For heavy loads, high traffic areas and resurfacing

- High performance versatile system
- From thin applications to heavy duty mortars
- 100% solids epoxy
- One product system
- High chemical resistance
- High abrasion resistance

FloorGard HD

For assembly lines, warehousing and dock areas

- General use system
- Topcoat for thin applications to heavy duty mortars
- Extreme abrasion resistance
- Economical
- Water-based chemical resistant technology

Food & Research Industries

For laboratories, animal research, food processing, freezers, and chemical environments.

Neocrete

For harsh food processing conditions

- Polyurethane resin, cement base, and water dispersion mortar
- Fast turnaround

KitchenGard

For food processing applications

- 100% solids epoxy-novolac mortar
- For operation in high temperature ranges
- Slip-resistant
- Easy to clean

Novolac

For assembly lines, warehousing and dock areas

- Superior chemical resistance
- 100% solids novolac
- Resists thermal shock

Decorative

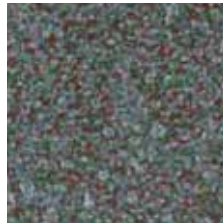

Aesthetically pleasing under demanding conditions. Perfect for lobbies, schools, hospitals, hotels, laboratories, and showrooms.

NeoQuartz

- Decorative
- Slip-resistant
- Colored quartz
- 100% solids mortar

NeoFlake

- Decorative PVC flakes
- 100% solids epoxy base system

Decorative quartz

Decorative RTS

Fast return to service decorative flooring solutions. Perfect for lobbies, schools, hospitals, hotels, laboratories, and showrooms.

NeoQuartz RTS

- Broadcast
- Slip-resistant
- Colored quartz chips
- Polyaspartic technology

NeoFlake RTS

- Decorative PVC flakes
- CRU and/or Polyaspartic technology

Decorative flake

Aviation & Automotive

For hangar floors, MRO facilities, high end automotive shops.

SkyGard

- Skydrol chemical resistant urethane for hangar floors
- UV stable
- High color retention
- High reflectivity
- Handles heavy loads

Neogard, A part of Hempel, manufactures high-performance coatings specified and used for structures across the globe for over 60 years. Neogard's coating systems protect the building envelope through vehicular and pedestrian traffic coatings, protective roof coatings, seamless flooring and elastomeric wall coatings.

You can find Neogard coatings in Major Stadiums and Arenas, Office Buildings, Universities, Hospitals, Hotels and Casinos, Airports and Hangers, Government Facilities, Manufacturing Plants and more.

About Hempel

As a world-leading supplier of trusted coating solutions, Hempel is a global company with strong values, working with customers in the protective, marine, decorative, container and yacht industries. Hempel factories, R&D centers and stock points are established in every region.

Across the globe, Hempel's coatings protect surfaces, structures and equipment. They extend asset lifetimes, reduce maintenance costs and make homes and workplaces safer and more colorful. Hempel was founded in Copenhagen, Denmark in 1915. It is proudly owned by the Hempel Foundation, which ensures a solid economic base for the Hempel Group and supports cultural, social, humanitarian and scientific purposes around the world.
