

FTS (Fast to Service) - 1 Hour Quick Cure MMA (Methyl Methacrylate) Flooring

Coating Guide.

FTS MMA Flooring Systems

The Neogard family of FTS (Fast to Service) Methyl Methacrylate (MMA) floor systems offers performance and operational flexibility with complete systems installed as quickly as one day. This system is the ultimate solution for applicators and owners with quick return to service and cold weather won't slow you down as these products can be applied in low temperature environments. Systems include both solid colors, flake and quartz options to provide a wide range of design options. For demanding environments, an antimicrobial additive used with the systems chemical and thermal resistant topcoat, provides protection against bacteria and fungi. Offering excellent resistance to acids and alkali, Neogard FTS systems are UV stable and cure to an attractive, low-glare satin finish.

FEATURES AND BENEFITS:

- Fast return to service - cures in 60 minutes.
- Low temperature applications as low as -15F degrees.
- Extreme durability under high wear environments.
- FDA and USDA compliant.
- UV Resistant.
- Chemical resistant.
- Limitless design options.
- NSF National Sanitary Foundation.

MARKETS WE SERVE

Restaurants and Food Service

FTS offers a wide variety of style options that can be customized with flake or quartz providing owners and designers limitless options to create the right ambiance in restaurants front-of-the-house, while also offering chemical, slip and water resistance in the kitchen. Because the design choices are limitless, you don't need to sacrifice visual appeal for safety.

Food and Beverage Manufacturing

Bakeries, meat and poultry plants, bottling lines, dairies, canneries, wineries and breweries, are cleaned daily with extremely potent cleaners, as well as being exposed to a variety of oils, grease, and food handling equipment. Neogard FTS systems are FDA and USDA compliant, and are easy to clean, disinfect and provide a flooring system that will last for years.

Education

Schools and universities endure constant foot traffic, whether in the locker area, cafeteria or science labs. Neogard FTS can withstand frequent cleanings, food spills, and are slip resistant to keep students safe, and it's antimicrobial additive also protects against fungus, germs, yeast and mildew. We can help you show your school spirit by custom matching school colors.

Manufacturing and industrial

Manufacturing and industrial facility floors have to withstand daily abuse from heavy equipment being wheeled across it as well as impact from equipment and heavy foot traffic. It also has to maintain its appearance to showcase the facility to customers, while offering impact and abrasion resistance. Neogard FTS helps facility managers keep their operations running and eliminate downtime and lost revenue caused by flooring failure.

Retail and Grocery

Grocery stores, chains and retailers can quickly refurbish a floor overnight eliminating downtime for customers. FTS MMA floors can reduce ongoing floor maintenance cost which can result in significant savings added to the bottom line. Retailers can select a variety of looks to fit their decor and reflect brand standards. Let Neogard help you keep your doors open and customers satisfied.

Healthcare

Hospitals and ambulatory care facilities require a clean, sterile environment while experiencing heavy foot traffic from patients and staff. The constant impact from hospital beds, wheelchairs and equipment rolling through halls and rooms, as well as the stringent and constant cleaning process demands the durability of the FTS MMA system, while providing a decorative, antibacterial floor to keep healthcare workers and patients safe.

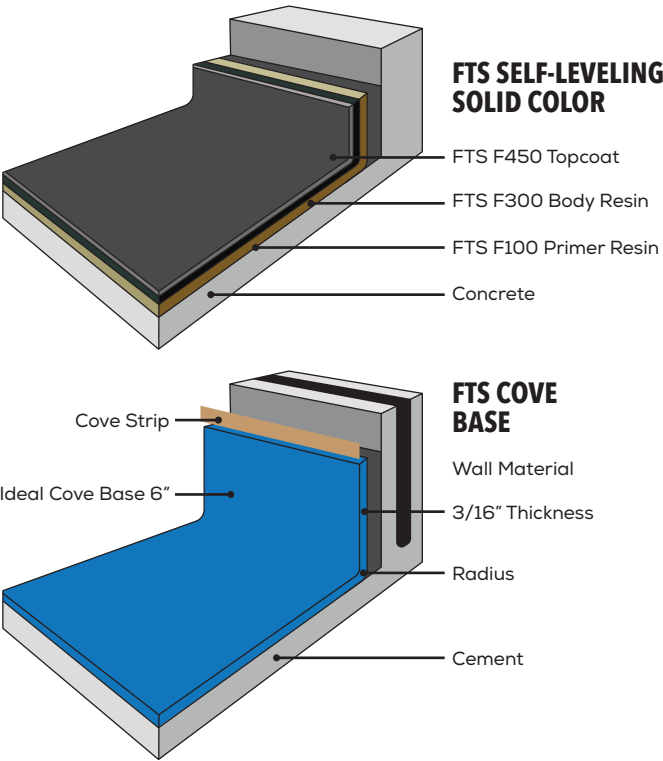

Hospitality and Entertainment

Hotels and resorts, casinos and stadiums, and a host of other entertainment venues are known for their style and ambiance. The FTS system delivers a custom aesthetic that will match any brand standards, while hiding heavy traffic stains and avoiding abrasion. Let the FTS MMA system help you set the mood in your entertainment facility and enhance your customers experience.
